

Monday 22<sup>nd</sup> June - Friday 26<sup>th</sup> June

LO: To create a persuasive school prospectus.

This week, I would like you to create a school prospectus to persuade people to join our fantastic school. You should have created a plan last Friday to help you this week. First, create a heading and short introduction and move on to your first section. You should have 5 sections in total.

Each day, I would like you to re-read what you previously wrote and adjust it if necessary, as we always do. It is important for you to do this to ensure your writing has a nice flow and the sections blend together well.

Have a look at my example paragraph to help you:

### The school dinners

If you like delicious food, Wistow School is the place for you! From perfect pizza to sizzling sausages, Wistow has it all! There is so much choice and if you're a picky eater, there are sandwiches and tasty jacket potatoes available daily. During dinner time, pupils get to sit together with younger and older children and it's so great to talk to people you don't normally see and gain even more friends. At Wistow School, it's really important that the older children act as role models and help the younger children. At lunch, Rievaulx and Byland classes help the children in the younger classes by serving their food and sharing equally. One of the best parts about wonderful Wistow's food is the scrumptious puddings Mrs D-M cooks up. There are the best in the world, much better than anywhere else! You really should try them, nothing compares!

*Then please draw a picture with a caption for each paragraph.*
