LO: To research what homes were like in early Islamic civilisation.

Today, I would like you to research what homes in Baghdad 900AD were like.

I would then like you to draw, design or even recreate using modelling materials your own home based on the research you have made.

Also, I would like you to label your creation and explain what you've done and why.

Here are websites that might help you:

Please upload a picture of your work to Seesaw. I'm looking forward to seeing your creations.

If you want to create a model and it takes a few days, don't worry! Try to upload it by the end of the week as I would like to feature pictures on the Facebook page and website! 😊
