

Topic!

This term, we have been learning all about the Egyptians. It has been great fun and I have loved seeing you all so excited about your topic work.

During your topic afternoons, I would like you to create your own personal project. Find something that really interests you and follow it!

You could design and make a sarcophagus for an Egyptian pharaoh or get arty by creating some Egyptian jewellery. You could create a presentation or build a pyramid - even by using lego! If you'd rather do a few small projects, that's fine also.

I don't mind, it is completely up to you what you do, just have fun with it and enjoy!

I will also be uploading different activities for you to complete in case you finish your project. These are **OPTIONAL**, as the main thing I would like you to focus on is your project.

Feel free to email myself and Miss Senior with any pictures of what you've been up to; we can't wait to see what your creative minds can think of! 😊
