

First, begin the lesson by completing a simulation of the year 4 multiplication test.

You have 25 random times table questions to answer and you are given 6 seconds to answer each one. Try not to use any times tables sheets/ resources to help you, we need to be fluent by now!

Lesson:

Write these coins and notes in descending order:

£1            £20            50p            1p            £50            10p            £5  
          20p            2p            5p            £2            £10

If:

100p = £1

240p = £2.40

5823p = £58.23

What is 200p in £?
