

Do you have a favourite recipe to share?

Whether you took part in the Bake Off or not, you may have a recipe that you just love to bake. Maybe one your parents or grandparents have taught you.

It would be lovely to be able to share those recipes with the rest of the class.

There is a word template on the webpage that can be used and uploaded to Seesaw as a file. If this is not something you can access, you can email me your recipe and I can add it to a word file for you.

Once we have collected your recipes (feel free to decorate them with borders and pictures) I can share the recipe collection with the whole class.

I look forward to receiving your recipe pages.
