

MATHS HOMEWORK

1 $34 + 10 =$

A grid for problem 1 with a small empty box for the answer.

2 $45 + 5 =$

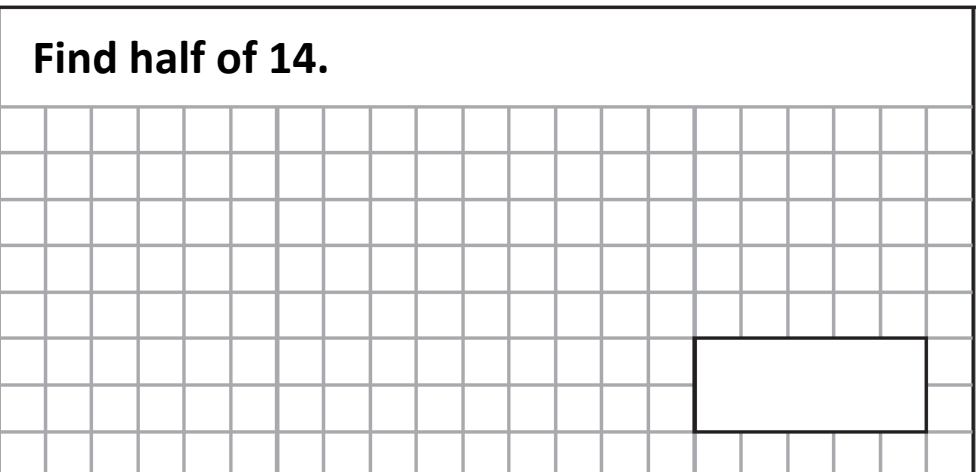

A grid for problem 2 with a small empty box for the answer.

3 $27 - 6 =$

A grid for problem 3 with a small empty box for the answer.

4 Find half of 14.

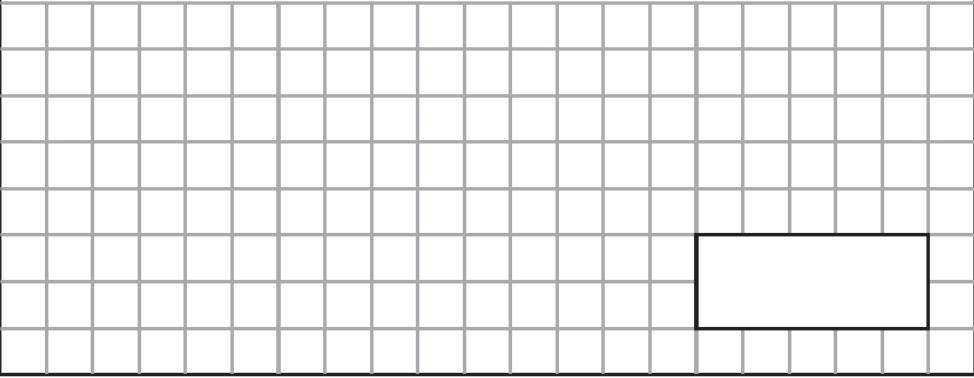

A grid for problem 4 with a small empty box for the answer.

Name: _____ Date: _____

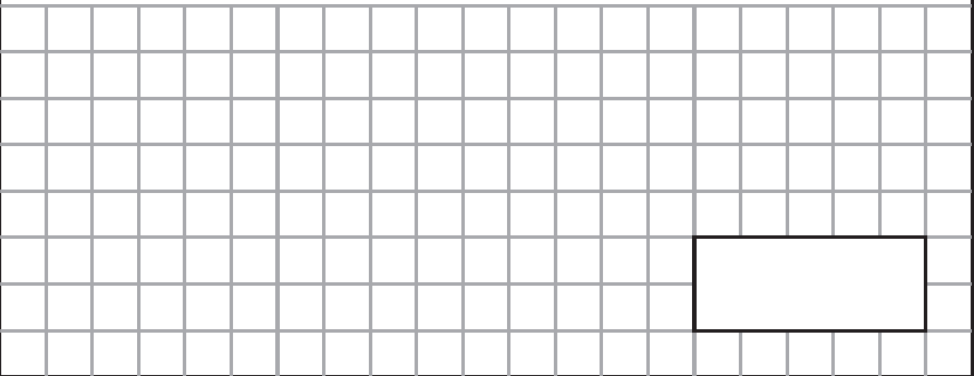

Lions Due in Monday 27th April 2020

5 Find a quarter of 12.

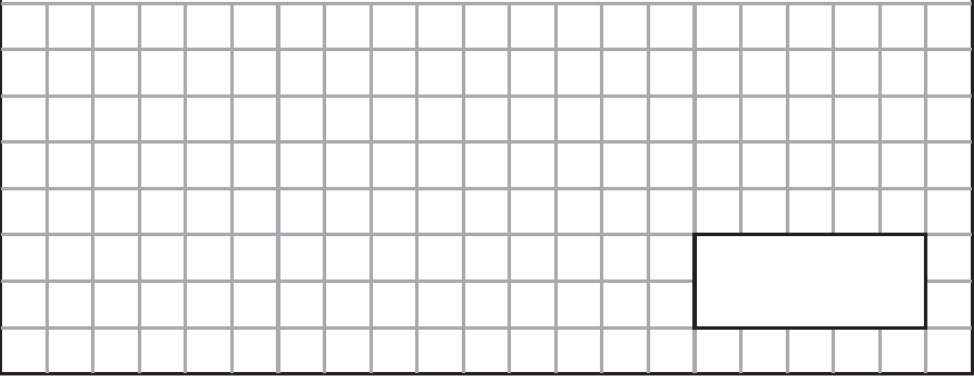

A grid for problem 5 with a small empty box for the answer.

6 Find half of 20

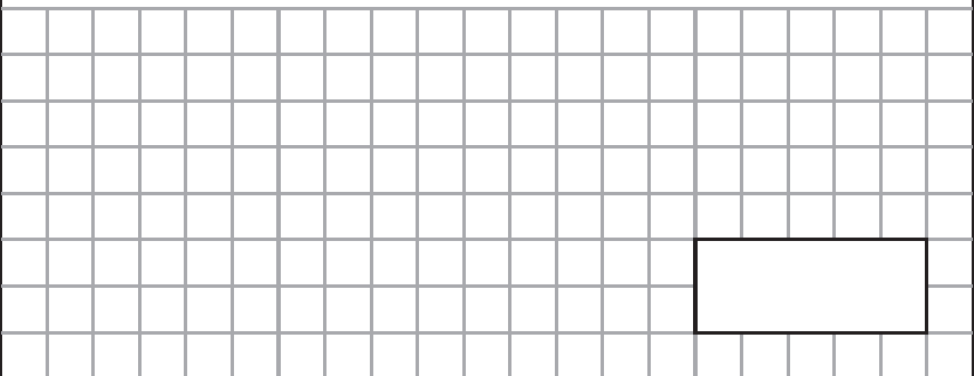

A grid for problem 6 with a small empty box for the answer.

7 $50 + \square = 59$

A grid for problem 7 with a small empty box for the answer.

8 $\square = 60 + 6$

A grid for problem 8 with a small empty box for the answer.
