

The Crumpetty Tree

High Hill

Far Far Away

Dear Mrs Griffiths,

I have recently moved house and now I live at the Crumpetty tree with Mr and Mrs Canary, a Stork, a Duck, an Owl, a Snail, a Bumble-bee, a Frog, a Fimble Fowl, a Golden Grouse, a Pobble, an Olympian Bear, a Dong, an Orient Calf, an Attery Squash and a Bisky Bat. The Crumpetty Tree is on top of a ginormous hill, it is a tall bushy tree with lots of leaves. If you would like to visit me one day, I would be very pleased to see you.

I have been home-schooling this week and have learnt lots of new things. I enjoyed reading lots of new books and I have nearly read 100 books! I have done PE, planted some seeds, which are already starting to grow, baked biscuits and been on a bike ride in the sunshine. I really enjoyed doing my maths work; I learnt about fractions, have done lots of Mathletics and have learnt my 1,2,3,5 and 10 times tables. I am also working on my 4 times tables but I am finding these tricky. I learnt my 3 times tables by jumping on my trampoline saying each number in turn 3, 6, 9, 12, 15, 18, 21, 24, 27, 30, 33, 36.

PS I noticed that Crumpetty is spelt wrong in the address because it had three t's in it and not two!

I am missing you and Mrs Breeze and all my friends at school. I am looking forward to hopefully seeing you all soon when the virus has gone!

Love From,

Blue Baboon

AKA Marvellous Meg.
