

Governors' Newsletter

December
2025

I can't quite believe it is Christmas already! The run up to the festivities is always a magical, fun filled time at Wistow School, and this year has been no different. However, as we celebrate all that has already been achieved this year, it is important to remember how much of a team effort all of the work that goes on is.

Wistow School is very lucky to have staff, governors, parents and a supportive wider community, who all pull together with a collective aim - to provide a caring, nurturing and supportive education for our pupils. Whilst I have been part of the team at Wistow for 6 years now, this term has been my first term as staff governor. I'm proud to be part of the governing body and look forward to continuing to support the development and direction of the school.

Mrs Storey

Hey Ewe!

If you were lucky enough to see our wonderful EYFS and Year 1 pupils perform their nativity, Hey Ewe, then you will know how amazing it was!

This super confident and talented bunch really got Christmas started. They told the important story of the nativity through acting, singing and dancing and filled the room with big smiles. Perfect!

FOWSA and Fundraising

We are very lucky at Wistow to have such a fabulous fundraising team in FOWSA. This term alone, they have provided classes with a funds to enhance their learning spaces; held another, amazingly successful fair and supported the upgrade our sound and lighting systems and backdrops to make our discos and performances even better!

They already have some events planned for the Spring and Summer terms and are always looking for new members of the team. Please contact them if you would like to be involved.

Governors in School

The governors work closely with subject leaders in school. In the Spring and Summer terms, subject leaders will share the successes of their subject, discuss targets and curriculum design and engage in discussions with their allocated governor.

These opportunities allow the governors to celebrate the hard work and effort both staff and pupils put in to the curriculum.
