

Tiger Poem Planning

I can make observation notes with relevant words and phrases.

Appearance

e.g. large, muscular limbs

Think of all the tiger's features; its colours, size and beauty.

Movement

e.g. silently, slowly stalks its prey

Compare movement at different times.

Danger

e.g. piercing razor-sharp teeth

Can you think of any similes or metaphors?

Opinion

e.g. To me, the tiger is majestic.
