

Task A

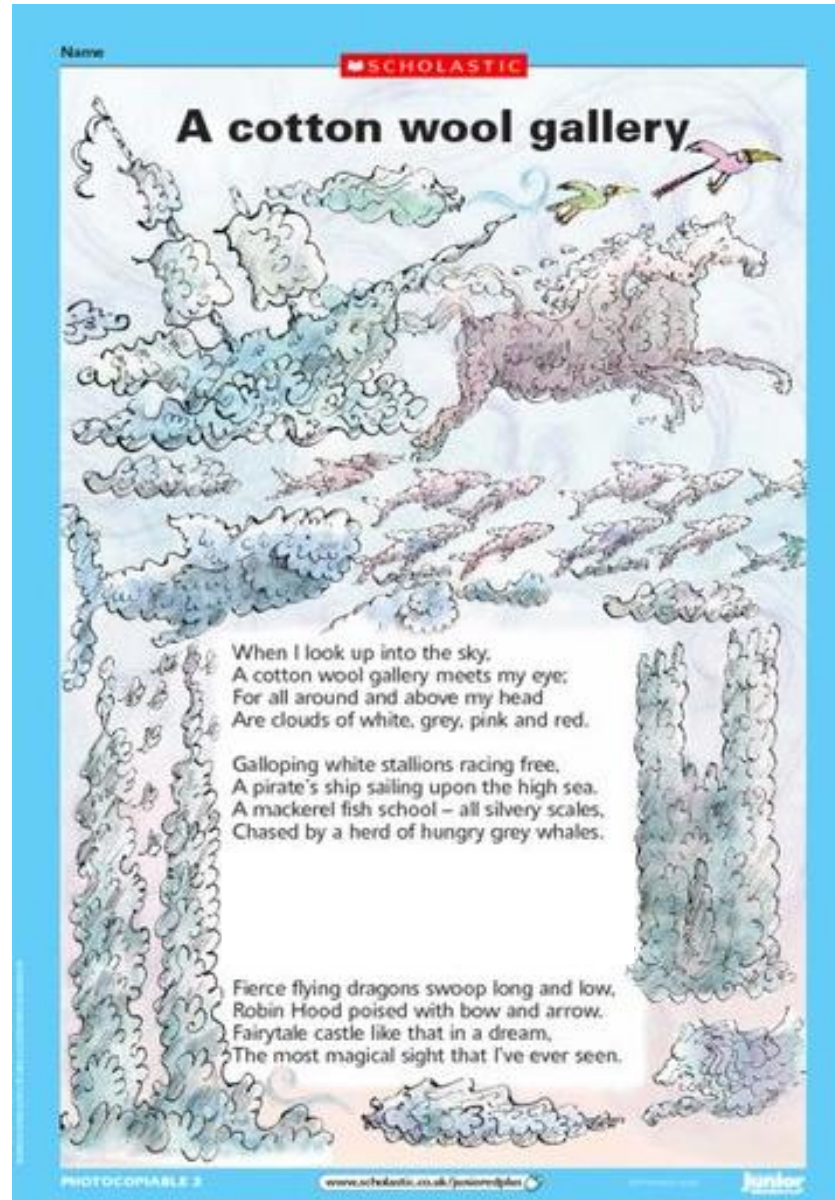

I would like you to go outside (weather permitting), lay down on your grass, look up at the sky and go cloud spotting!

What shapes do you see?

A kangaroo?

A banana?

The Queen?

Task B

There is a space in the poem where two missing verses should be.

Your task today is to create the two missing verses.

Look closely at the bits of the poem left behind, they will help you.

It follows an A, A, B, B rhyming pattern.

If you are looking for a time filler over Easter, your full poem could be re-written and published (including illustrations) in your work books.
