

Thursday 26<sup>th</sup> March 2020

This week we will be working on writing a book review. This could be a book review of our class text 'Holes' or another book of your choice.

You are to work on one or two sections of the review each day.

#### Section 4 – Recommendations

In this section you will discuss who else would like this book and why.

Here is an example:

**I recommend this book to anyone who likes adventure, friendship and superstition. It has a curse, an unusual group of friends, and some fantastic characters. I think that fourth, fifth, sixth and seventh graders would like it. Holes is a great book!**

Think...

How can you convince others to read this book? What age range would like it? What genre is it? What makes it so good?

Now it's your turn!
