

Faith is all around us.

We have to have faith in ourselves in order to be the best that we can be.

We are a small school, with big hearts and together we beat as one.

Sowing seeds of knowledge and faith, with nurture and love

We thrive, we grow!

At Wistow School, everyone matters. The school's values of:

- Respect
- Forgiveness
- Resilience
- Honesty

are closely linked to Christian teaching and are at the heart of the life of the school. We are a highly inclusive, nurturing school where every child and their family are part of the 'Wistow Family'.

"Love your neighbour as yourself" (Mark 12: 29-31)

We want every child at Wistow Primary School to meet their full potential and be fully included in the life of the school.

Wistow School is committed to removing any barrier to inclusivity at our school and to fulfilling the statutory duties of the Equality Act 2010. Within the curriculum we set challenging learning expectations, respond to pupils' diverse learning needs and strive to overcome barriers to learning for individuals and groups of pupils. We are dedicated to equal opportunities for all. We make adaptations to meet the needs of our current pupils and we are committed to any reasonable adaptations for future pupils.

Aims and objectives of this policy

- To increase the extent to which all children can participate in the curriculum and wider life of the school
- To improve the physical environment of the school to enable children to take better advantage of the education, facilities and services we provide
- To improve the availability of accessible information Our Accessibility Plan has been based on the needs of the school and the school site, in conjunction with parents, staff and governors and will inform other school documents.

The Accessibility Plan will be reviewed annually in respect to progress and outcomes. The Accessibility plan is designed to complement the school's equality objectives and will be published on the school's website. We are committed to providing an environment that enables full curriculum access and that values all children, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.

We are committed to taking positive action in the spirit of the Equalities Act 2010 and to develop a culture of inclusion, awareness and support in school. Our Accessibility Plan shows how access can be improved for disabled children, staff and visitors to the school over a period of time, making ongoing improvements to make reasonable adjustments to accommodate needs where practicable.

The Accessibility Plan will contain relevant and timely actions to:

- Increase access to the curriculum, expanding the curriculum as necessary to ensure children with a disability are as equally prepared for life as non-disabled children. This covers teaching and learning as well as the wider curriculum of the school, such as participation in after school activities and school visits. It also covers providing additional equipment, which may aid children accessing education, over a reasonable timescale.
- Improve access to the physical environment of the school, by making reasonable improvements within a reasonable timescale, wherever practicable.
- Improve access to information for children, staff, parents and visitors with disabilities. Providing information in preferred formats within a reasonable timescale.

We remain committed to providing CPD opportunities to continue to raise awareness for staff and governors on equality issues with reference to the Equalities Act 2010. The following Accessibility Plan should be read in conjunction with the following school policies, documents and strategies:

- Curriculum policies and information
- Equality Objectives
- Health and Safety Policy
- SEND policy
- School SEND Information Report
- Behaviour Policy
- The school Improvement Plan
- The school prospectus

The Accessibility plan for physical accessibility remains the responsibility of the governing body. It may not be feasible to undertake all aspects of the improvements outlined in the lifetime of the plan and some items will be rolled forward into subsequent plans.
