To help me develop an informed view, I can distinguish fact from opinion, and I am learning to recognise when my sources try to influence me and how useful these are. LIT 2-08a

The worst tasting
rainforest food
is avocados.

twinkl.com

Rainforests are
situated along the
equator. They get
a high amount of
rainfall, with around
250cm of rain falling
each year.

twinkl.com

The okapi is the
cutest animal in
the rainforest.

twinkl.com

The only continent
not to have a
rainforest is
Antarctica
because it is too
cold there!

twinkl.com

It's too warm in the
rainforest.

twinkl.com

Illegal logging is
really hard to stop.
The rainforest is so
big, that it is easy for
loggers to chop down
trees in an area so
remote that nobody
sees what they
are doing.

Fact or Opinion

I can identify the different language authors use to present fact or opinion.

Every day, deforestation destroys an area of the rainforest roughly 90 metres long and 50 metres wide. This is about the same size as a football pitch.

twinkl.com

Can you guess what we get from the cacao plant? Chocolate! The proper name for this plant is Theobroma Cacao, which, in Greek means 'food of the gods.'

twinkl.com

Nuts, avocados, bananas, spices and some types of berries come from the rainforest.

To help me develop an informed view, I can distinguish fact from opinion, and I am learning to recognise when my sources try to influence me and how useful these are. LIT 2-08a

The rainforest is home to a lot of wonderful creatures, including a lizard able to walk on water, and the okapi, which looks like a cross between a giraffe and a zebra!

twinkl.com

'Loggers' are people who cut down trees in the rainforest. The trees are then used for firewood, or to make paper.

twinkl.com

Rainforests are ecosystems. An ecosystem is made up of living and non-living things which interact with and depend on each other.

twinkl.com

Some people think that logging won't damage the rainforest because it is only 'cutting down a few trees'.

twinkl.com

A quarter of the ingredients in medicines come from rainforests. There are also rainforest ingredients in moisturiser and shampoo!

twinkl.com

Of all the plants grown in rainforests, bananas are the tastiest!
