

### Guided Reading:

I would like you to read the excerpt and use it to further develop the character of Frank's father. Based on what we already know, how could you continue the story to add to his character even more?

Describe his appearance, how he acts, what he is doing. Every word you choose should be carefully selected to make him seem a certain way.

### My example:

Looping and lapping the rocky dirt track, the wheels of the car spun rapidly. Like a starving dog, it raced towards its goal, its headlight eyes shining bright at the end target. Whilst passing the stand where the cheering crowd stood, Frank somehow found the time to take his eye off the track, gaze heroically towards his fans and give them a cheeky smile with bright, white teeth shining in the glorious sun. Union Jack flags waved vigorously in the air and the screams became louder and louder, they were almost deafening.
